Dr. Ray Green
Heber City, Utah

Dear Doctor:

As you will remember from last year, you were named as a member of the Health Publication Committee. As chairman of this committee I am guilty of official neglect in not communicating with you.

It seems that in the last three years the Health Publication Committee has not functioned as such. Dr. Bauerlein, the previous chairman got no response to his call for articles. in 1954 and I had the same bad luck in 1955 and 1956. So Mr. Bowman of the Medical Association staff has been writing directly to men who might respond and the results in the way of articles have been quite satisfactory.

If, as a committee member you will send us either articles or suggestions we shall be very grateful. Please drop me a note and express your views on the situation.

Yours truly,

Q. B. Coray, M.D.
